

### Discussion Questions

1. We talked about how we all have cultures that makes us object to the Gospel, what are some ways that your specific culture acts as a barrier to believing or following the Gospel? What are some ways that culture gives permission or makes demands where only Jesus should be giving permission or making demmands?
2. In their conversation Jesus moved from the woman's thirst to her sin because he was showing her that her sin was a substitute for being satisfied in him, what are some things you go to that are inferior water to being satisfied in Jesus?
3. Jesus tells the woman that true worshippers worship in Spirit and truth, what does that mean?
4. When the woman says she is waiting for the messiah, Jesus says, "I who speak to you am He." What does this mean in the grand scheme of their conversation? How does it connect with their conversation about thirst?
5. What's the result of having your thirst quenched by living water?

Pray together...

That we would have all our satisfaction met in Jesus

That we would repent of sin and turn back to the joy of the Gospel

That we would share the Gospel in a way that quenches people's thirst
